# Mitie Painting and Fabric

One of the largest Painting, Decorating and Fabric Work contractors in the UK.

**Mitie Painting and Fabric dates back to 1987 and has since strived forward with the latest innovations in coatings, supported by partnership agreements with the UK's leading paint manufacturers including AkzoNobel, Crown Paints and PPG.**

Operating nationally from eleven regional branches, we are proud to offer a local presence with the national backing of Mitie PLC, a FTSE 250 Facilities Services provider who work with clients to help run more efficient and effective businesses. Each office has the capability to meet on-going requirements, giving clients the benefit that comes from being a local contractor, backed by the consistency, assurance, and reputation that can only be offered by a national organisation. Our highly skilled, directly employed workforce of Painters and Decorators undertake top level training and development to provide a high-quality finish, ensuring clients experience minimal disruption, reduced costs and are safeguarded from live working zones. We use our extensive industry knowledge and experience of working in both public and private sectors, to ensure your building remains operational during refurbishment, whilst minimising disruption and interruption to the day-to-day running of your business.

Mitie are recognised as one of the UK's largest and leading Painting, Decorating and Fabric Work contractors in the UK and as such we have played a significant role in the transformation of all types of public and private sector buildings, premises and assets.
