

# Mitie Group plc

The UK's Leading Facilities Management Company

"Encouraging HI
performance; steady
progress towards delivering
our new margin-enhancing
growth strategy"

Half Year FY22 Results Presentation

18 November 2021

### HI FY22 Highlights

- Strong financial performance
  - Mitie standalone revenue growth<sup>1</sup> of 36% and underlying revenue back at pre-COVID levels
  - Record cash generation at £86m; dividend payment reinstated at 0.4p per share
- Interserve Facilities Management (Interserve) performing well with integration largely complete and synergies on track
- · Good renewal and win performance with growing pipeline
- Reshaping portfolio towards higher growth, higher return
  - Disposal of Document Management
  - Acquisition of DAEL Ventures, Rock Power Connections and Esoteric Intelligence
- Secured the long term financing of the business
  - New £150m 4-year Revolving Credit Facility
  - Forward starting £120m USPP average 10-year tenor
- Successful placement of the 248m Consideration shares issued to Interserve
- FY22 outlook in line with previous operating profit<sup>2</sup> guidance of £145-155m

# Financial update Simon Kirkpatrick

Chief Financial Officer

## Strong HI performance boosted by Interserve acquisition and COVIDrelated contracts

Continuing operations (£m)	HI FY22	HI FY21	Change %
Revenue	1,912	943	103%
Mitie standalone revenue <sup>2</sup>	1,283	943	36%
Operating profit before other items	85	18	372%
Operating profit before other items margin	4.4%	1.9%	2.5ppt
Profit after tax before other items	67	8	738%
Basic earnings per share before other items	4.9p	0.9 <sub>p</sub>	444%
Dividend	0.4 <sub>P</sub>	-	-
Interserve synergies in HI FY22	12.1	n.a	n.a
Net assets <sup>3</sup>	428	253	69%
Free cash flow	86	78	10%
Average daily net debt <sup>4</sup> (post IFRS 16)	(60)	(69)	(13)%
Order book	£6.8bn	£4.0bn	70%

- Revenue doubled due to Interserve and COVID-related projects
- COVID works improve profitability and margin
- Interim dividend 0.4p / share
- Synergies of £12.1m include £10.8m of cost synergies
- Free cash inflow of £86m
- Headline average daily net debt improved by £9m, prior year includes benefit of HMRC TTP<sup>4</sup>

I Revenue including share of joint ventures and associates and excluding discontinued operations; 2 Revenue excluding Interserve

<sup>3</sup> Restated net assets for H1 FY21 for changed accounting policy in relation to the recognition of BACS payments

<sup>4</sup> Excluding HMRC Time to Pay (TTP), H1 FY21 average daily net debt was £147m

### Underlying revenue growth of 12%, excluding COVID works and Interserve

Continuing operations (£m)	HI FY22	HI FY2I <sup>1</sup>	Change %
Business Services	775	445	74%
Central Government & Defence (CGD)	288	-	n.a
Communities	230	85	171%
Technical Services	445	308	44%
Specialist Services	174	105	66%
Mitie Group	1,912	943	103%
Mitie standalone revenue <sup>3</sup>	1,283	943	36%
Revenue from COVID-related contracts <sup>4</sup>	(259)	(32)	
'Underlying' revenue	1,024	911	12%

- Business Services 9% underlying growth, supplemented by COVIDrelated contracts
- CGD 'like for like'<sup>2</sup> strong performance, increased project work on major contracts
- Communities revenue now stabilised
- Technical Services strong recovery, but not yet back to pre-COVID levels
- Specialist Services growth from new contract wins in Care & Custody, and inclusion of Spain

NB: Revenue including share of joint ventures and associates from continuing operations

 <sup>↓</sup> I H I FY2 I as set out in appendix

<sup>2</sup> Like for like revenue assumes Mitie owned Interserve for the full 6 months of the comparative period excluding COVID-related projects

<sup>3</sup> Revenue excluding Interserve 4 Almost all the COVID related contracts revenue is in Business Services

# Improved profitability across all divisions

HI FY22	HI FY2I <sup>1</sup>	Change %
65.2	20.9	212%
14.9	-	n.a
11.1	5.3	109%
12.7	3.0	323%
11.1	9.5	17%
(30.0)	(20.5)	46%
85.0	18.2	367%
40.3	2.9	
	65.2 14.9 11.1 12.7 11.1 (30.0) <b>85.0</b>	65.2 20.9  14.9 -  11.1 5.3  12.7 3.0  11.1 9.5  (30.0) (20.5)  85.0 18.2

- Business Services good underlying<sup>2</sup> trading, boosted by higher margin COVID contracts
- CGD ahead of expectations due to additional project work
- Solid performance across Communities, excluding loss making contracts acquired from Interserve
- Good recovery in Technical Services. Not yet back to pre-COVID profitability
- Specialist Services benefits from inclusion of Spain
- Corporate centre costs increased due to absorption of Interserve overheads and increased LTIP accruals

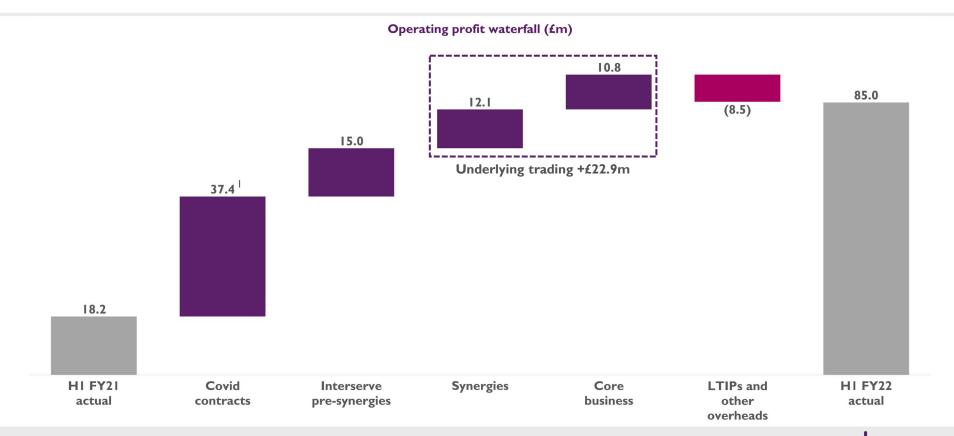

NB: Before other items from continuing operations

I HI FY21 as set out in appendix

<sup>2</sup> Underlying trading excludes Interserve and profit from COVID contracts 3 Almost all the COVID related contracts profit is in Business Services

# First half profit doubled, before the inclusion of COVID-related profit

<sup>£37.4</sup>m is a year on year movement between £40.3m in H1 FY22 and £2.9m in H1 FY21

# Balance sheet further strengthened, with Group moving to a net cash position

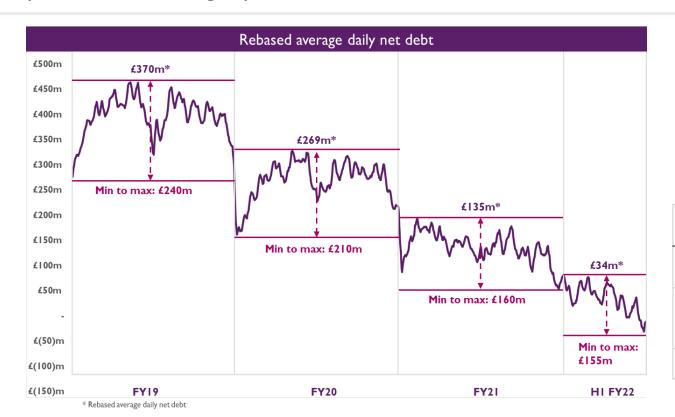

£m	HI FY22	FY21	HI FY2I	Significant improvement in net assets due to     Interserve acquisition and free cash flow
Net assets	428	362	253	Interserve acquisition and free cash flow generation
Average daily net (debt)/cash	(60)	(47)	(69)	<ul> <li>Average daily net debt improved by £9m;</li> </ul>
Closing net cash/(debt)	8	(87)	116	comparatives include benefit of HMRCTTP
Net debt / EBITDA	<0x	<0x	<0x	TFO at record low level
Total Financial Obligations <sup>1,2</sup>	84	181	240	<ul> <li>Continued strong working capital management,</li> </ul>
Closing debtor days <sup>1</sup>	27	30	28	with debtor days reduction
Closing creditor days <sup>1</sup>	28	26	69	Free cash flow £86m driven by strong profitability
Free cash flow <sup>1</sup>	86	(25)	78	and working capital improvement
				<ul> <li>Goodwill on acquisition of Interserve increased</li> </ul>
Interserve goodwill	15.9	3.3	-	by £12.6m to £15.9m

<sup>&</sup>lt;sup>1</sup> H1 FY21 net debt, debtor and creditor days and free cash flow have been restated for change in accounting policy for BACS payments <sup>2</sup> H I FY2 I TFO uses rebased net debt for the rights issue, acquisitions and Time to Pay (TTP)

# Continued improvement in average daily net debt, driven by cash backed profits and working capital inflow

- Significant improvement in average daily net debt over the last 2 years
- Min to max of £155m represents normalised timing differences

Net debt (£m)	HI FY22	FY21	HI FY21
Closing net cash/(debt)	8	(87)	116
Headline average net debt	(60)	(47)	(69)
Rebased average	(34)	(135)	(147)

# Strong free cash flow, despite ongoing investment in Interserve (ISV) integration and Forté

Cash flow (£m)	HI FY22	HI FY2I
Operating profit before other items (continuing operations)	85.0	18.2
Add back: depreciation, amortisation & impairment	24.7	21.5
Other movements (including other items)	(9.8)	(5.9)
Working capital movements	31.2	69.4
Cash generated from operations <sup>1</sup>	131.1	103.2
Capex, capital leases, dividends from JVs, interest, tax & movement in restricted cash	(45.2)	(25.5)
Free cash inflow <sup>1</sup>	85.9	77.7
Acquisitions, disposals & other <sup>2</sup>	9.3	191.3
Decrease in net debt in the period <sup>1</sup>	95.2	269.0

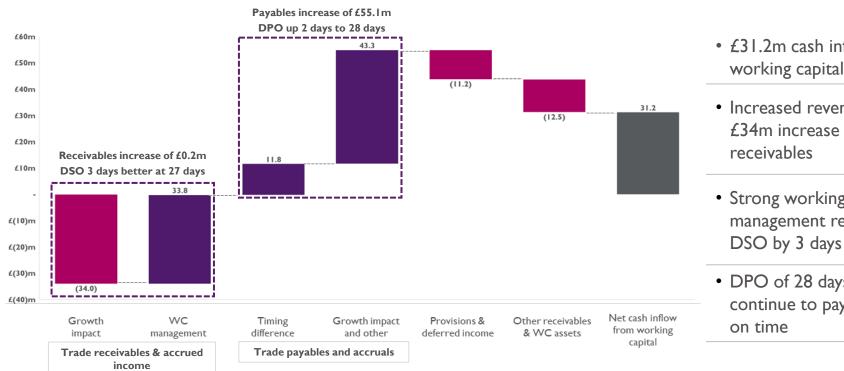

- Strong free cashflow from increased profits and working capital improvement
- £45m of capex, leases and tax includes increased capex for integration and Forté, ISV leases
- Other movements includes cash
   'Other Items': Forté, ISV integration, and other transformation £12m
- Proceeds of Document Management sale more than offset £15m investment in DAEL Ventures UK

<sup>&</sup>lt;sup>1</sup> Cash flows for H1 FY21 have been restated for change in accounting policy for BACS payments

<sup>&</sup>lt;sup>2</sup> Other in H1 FY22 refers to non-cash movements in financing liabilities and in H1 FY21 also includes £191.8m rights issue proceeds

# Underlying working capital improvement from reduction in DSO

- £31.2m cash inflow from working capital in HY22
- Increased revenues drove £34m increase in
- Strong working capital management reduced DSO by 3 days
- DPO of 28 days: we continue to pay suppliers

# Strong first half performance, on track to deliver FY22 operating profit in line with previous guidance

#### HI performance

- Positive underlying revenue growth, and cash-backed profits
- Good progress on Interserve integration and synergies
- Strong free cash flow generation and working capital performance
- Strengthened balance sheet
- Long term funding secured

#### H2 & FY outlook

- COVID-related contract revenue will be significantly lower in H2 FY22
- H2 performance expected to improve compared to H1, excluding COVID-related contracts
- Gradual recovery of variable and project works in H2, but not back to pre-COVID levels
- Margin progression, excluding COVID-related contracts, will continue
- Further improvements in average net debt expected

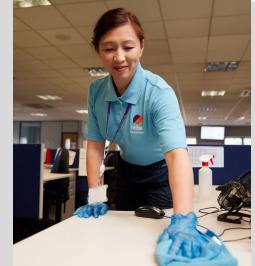

# Strategic update Phil Bentley

**Chief Executive** 

# **Strategy:** Our margin-accretive growth strategy will deliver significant free cash flow in the medium term

#### **Grow Mitie**

- Grow core organically
- Access client capital spend (Projects)
- Infill M&A in high growth sectors

### **Capability Enablers**

- "Great place to work"
- Decarbonisation
- Science of Service

### **Margin Enhancement**

- Interserve synergies
- Fix Interserve loss-making contracts
- Operational Excellence/CPQ<sup>1</sup>
- Third party spend
- Overhead cost savings
- Project Forte

#### **Generate Cash**

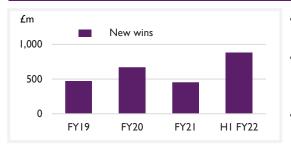

- Refinance RCF/USPP
- Significantly reduce 'Other Items'
- Maintain investment grade credit rating
- Capital returns to shareholders

THE EXCEPTIONAL, EVERY DAY Cost of poor quality (CPQ)

**Growth – mid single digit:** We are winning new contracts, and retaining and growing existing contracts...

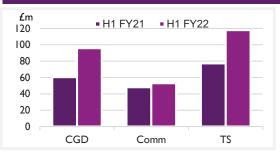

#### £881m1 TCV new contract wins

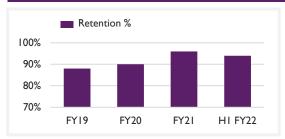

- New wins in H1 FY22 > FY21
- £646m<sup>1</sup> for CGD inc. FDIS, Home Office
- Win rate of 64% (value)

#### £287m projects

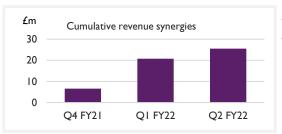

- 52% increase in Technical Services projects including 10% growth in energy projects
- 59% increase in projects in CGD

#### £678m<sup>2</sup>TCV contract retentions/extensions

- 94% renewal /extension rate (value)
- 100% Interserve renewal rate
- DfT, Home Office, Affiliates. Southwark

### £25.5m revenue synergies

- £17.9m cross sell wins
- £7.6m insourced contracts now delivered by Engineering, Landscapes & Waste

2 Total contract value includes up to £365m for Testing Centre contract

<sup>1</sup> Total contract value includes up to £646m for FDIS contract

# **Growth – mid single digit:** ... with an upweighted sales/business development team focused on pipeline developments and sector specialisation

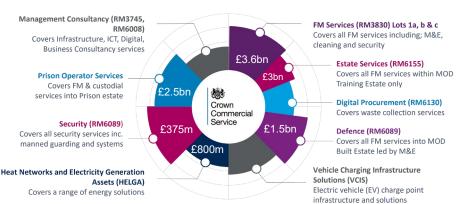

#### **Dedicated sales approach** Incentives / KPIs aligned to Group-wide value **Operating** model Capability to influence procurement / policy Commercial Centre of Excellence Pipeline & managing pipeline, governance and quality bid of bids management Expert third party support Cross-industry experts panel Relationship Sector leads with decision-maker / partner management and IV relationships Dedicated strategy team monitoring trends / emerging opportunities **Market** insight Sector driven growth strategies and products

### £13.3bn high quality pipeline

- Pipeline includes £1bn at BAFO
- Public sector opportunities driving growth from increased presence on Government frameworks

Approx. value of each 4-year framework - not all contracts within the frameworks are applicable to Mitie

# **Growth – mid single digit:** ...overlaid with M&A investment in higher growth/margin sectors of Telecoms, Decarbonisation and Intelligent Security

- Acquisitions to secure technology or service offerings not easily available through organic investment
- ROIC hurdle rate in excess of 20% achieved through access to Mitie customer base
- Financial capacity to fund through free cash flow and bank facilities

#### **DAEL Ventures**

DAEL Ventures focused on Acquisition, Design, Construction of mobile infrastructure

Mitie Telecoms now provides end to end active/passive maintenance Telecoms infrastructure sector forecast to grow 5.1% CAGR over next five years I

#### **Rock Power Connections**

Annualised revenue expected to double

Rock focused on design and installation of new high voltage electricity supplies

Annualised revenue expected to double

#### **Esoteric**

- Leading Technical Counter Surveillance Measures specialist
- Expand Mitie's intelligence-led security offer
- The only UK company to be accredited by the NSI, "National Security Inspectorate" for providing electronic sweeping & covert investigations

# Margin Enhancement - Delivering 150-200bps improvement: from Interserve synergies...

### **Technology Integration**

- AX12 successfully migrated to SAP, networks migrated at 55 locations
- 91% of Interserve billing processed through shared services
- Legacy Interserve systems being absorbed into Mitie systems
- "Cyber Essentials Plus" accreditation

#### **People Integration**

- 27,500 Interserve employees transferred to Mitie platforms & payroll
- TSA completed by end of November
- I 10 roles removed in H1 FY22

### **Property Integration**

- 9 properties exited with 2 more in train
- New Birmingham Cleaning & Hygiene Centre of Excellence

### **Supplier Integration**

- Leverage increased spend volumes and Mitie frameworks
- Fully integrated supplier base with c. 11,000 suppliers (up from 6,000)

£42m (80-100bps) exit rate cost synergies on track to be delivered by end of FY23

## Margin Enhancement - Delivering 150-200bps improvement:

...reducing Interserve contract losses and bringing in operational excellence, third party spend disciplines and new overhead cost saving initiatives ...

#### Fix loss making Interserve contracts (10-15bps)

- · Data transparency and detail
- Transfer in existing Mitie expertise, utilise Mitie
   Technical Support Team (TST)
- Targeted audits and in depth reviews by external experts
- KPI deduction 'playbook'

#### Control of £1.4bn of third party spend (30-40bps)

- Control purchases through digital catalogue
- Increased compliance to Framework

  Agreements
- Transparency over £1.4bn third party spend
- Reduction of the long tail of our c.11,000 suppliers
- Take advantage of payment-based discounts

#### **Codifying Operational Excellence (30-40bps)**

- Minimise work flow variation to consistently operate to target
- Continually eliminate process waste
- Reduce cost of poor quality (CPQ)
- Six Sigma Green Belt training for all senior managers

#### Drive overhead cost savings (20-30bps)

- Focus on £200m of Group overheads
- Review spans and layers across functions and divisions
- Build on positive momentum from synergy savings

### Margin enhancement – Delivering 150-200bps improvement: ...and from

Forté (which remains on budget despite extended testing to year end) with 30-40bps savings in FY23

#### DESIGN AND BUILD OF SYSTEMS AND APPLICATIONS COMPLETE

#### Maximo 7.5 to 7.6 & AI

Strengthening Mitie's Maximo core and its interfaces enables the best-in-class triage and e2e case management

### Click Scheduler & Automation

Re-shaping our service desks with the right process and systems will unlock Al based planning

#### Supply Chain Management

By deploying our Supply Chain portal, our teams will have full control of supplier performance

#### Maximo & SAP billing

Through integrating
Maximo & SAP, we are
enabling a fully automated
digital billing process

Dress Rehearsal One complete, Dress Rehearsal Two started

Technical Services Operations Centre opened in Manchester

700m data fields verified with 20m new fields introduced

# THE PROGRAMME HAS MOVED FROM BUILD INTO EXTENDED TEST PERIOD, WITH LAUNCH I APRIL 2022 TO DE-RISK GO LIVE

SAP System Integration
Testing Complete and
UAT underway (33%
tested and passed)

c70% of 6.6k Functional Test Scripts Executed and Passed

Post Go Live Support Partner in place to provide assurance and continuity of service

Budget and Benefits on track £48m (£15m in FY23)

Run Additional Dress Rehearsals

Increase data accuracy across all systems

Execute deeper functional testing

Extend Business Readiness activity

FORTE WILL ENABLE SEAMLESS FM, DEPLOYING INDUSTRY LEADING TECHNOLOGY AND DRIVING A HIGH DEGREE OF AUTOMATION ACROSS TECHNICAL SERVICES

# Capability Enablers: We continue to make good progress in our goal to become a "Great Place to Work"

#### New initiatives HI FY22

- 24/7 virtual GP
- Access to Free Flu vaccinations
- Free Shares to all UK employees
- Share Incentive Plan increased the matching offer to "buy 2 get I free" (from buy I0 get I free)
- Salary Finance allowing colleagues access to earned pay when it's needed, rather than just on payday.
- £2m invested in new uniforms

#### Skills based learning

- Job creation for young talent; apprenticeships, work placements, aging population
- Grow our own talent
- Re-training, new skills and qualifications
- Budget for Apprentice skills

# **Capability Enablers:** Delivering our 2025 Zero Carbon ambitions and partnering on *decarbonisation*...

#### Leveraging Mitie's Expertise

Sustainability Strategy

Carbon
Compliance &
Certification

Carbon
Performance
Contracts

Carbon Reduction Projects

Smart Energy Procurement

EV Fleet Transformation

Biodiversity

Waste Reduction

#### Delivering significant decarbonisation savings for our customers

#### **Zero Carbon**

Installed solar PV at 15 schools for Essex CC 1500+ EV charge points installed for customers

#### New services

Launched BoltON and announced partnership with Sustainable Development Capital LLP (SDCL) to fund decarbonisation

#### Zero Waste

185,000 tCO2e prevented from being generated in waste to energy plants through recycling and reuse

#### Consultancy

5 Plan Zero Pathways delivered. Risk Management Stra

Risk Management Strategy saved 4 customers £109m+ in comparison to the current forward power market

#### **Biodiversity Gain**

Biodiversity and ecology services launched Patron of Plantlife

#### Acquisition

Acquisition of Rock Power Connections to grow EV infrastructure delivery

22

# Capability Enablers: 'Science of Service' for post-COVID workspaces

# **Security** 'Driving intelligence'

#### **Global Security Operations Centre**

- Intelligence & technology-led approach
- Data-led approach supported by analysis
- Real time updates to resource efficiently
- Integrating intelligence, technology & people to deliver holistic security

# Hygiene Services 'Driving innovation'

# Creation of a Cleaning & Hygiene Centre of Excellence

- Demand-led cleaning: linked into 'Merlin'
- Lab results for assured cleaning & hygiene services e.g.: lab swabs
- Showcase new technology / products e.g. robotics, Citrox Protect and Luxibel UVC
- Sustainable cleaning through green products
- Virtual reality seeing how Mitie delivers specialist cleaning

# Technical Services 'Putting data into action'

#### Creating the 'Amazon of FM'

- Cutting-edge workplace technology to optimise building infrastructure, increase efficiency and enhance wellbeing
- Project Forté powers industry-leading automation to enable a seamless end-to-end experience for our clients
- Eradicate downtime by predicting failures and monitoring clients assets 24/7
- Data-led decisions using insight, data-modelling
- Innovate with thermo-imaging, BIM, UVC and Al technology

# **Summary:** Encouraging HI performance; with steady progress towards delivering our new margin-enhancing growth strategy

- Encouraging start to the year
- Improved cash generation and low debt
- Stable balance sheet to fund infill M&A
- Dividend reinstated
- Progress towards medium term targets

### **Targets**

Revenue growth mid-single digit 12% in H1 FY22

**EBIT margin 4.5%-5.5% 4.4**%<sup>2</sup> in HI FY22

Grow free cash flow £86m in H1 FY22

Leverage < Ix EBITDA post IFRS16 < 0x in HI FY22

Building the UK's best Facilities Management Company through 'Science of Service' Leadership
